WHAT TO EXPECT:

- Please see the *Worship Team Covenant* for spiritual guidelines as this addresses mainly the mechanical guidelines.
- We are looking for faithful people who can attend practice and serve twice a month *if asked*.
- We are looking for musical ability as well servant-hearted people. If you audition and it becomes apparent that you are not ready at that time, please use the feedback that you get as a tool to improve and grow by. We are all a work in progress!
- We are looking for ability that fits well stylistically in the desired area of service—both vocally and instrumentally.
- Normally, you must attend practice to play on the weekend (there are occasional exceptions).
- Everyone is responsible for knowing the songs and their particular parts by practice time. This allows us to spend the necessary time in prayer and fellowship and still practice well.

In which area are you interested in serving? **Kid's Worship**
